

## **NHSAF MARCH MADNESS SQUARES -\$20 Each**

- There are 67 chances to win (**every** match-up including play-ins to the National Championship).
- Your numbers never change and are good thru out March Madness
- Same principle as football squares, instead of 4 payouts there are 67
- The winning squares are based the “**winning**” and “**losing**” team’s **last digit** in the final score. i.e. OSU – 105 vs Whassamatter U. – 12  
The winning square would be: Winning team - 5 and Losing team – 2
- A person can win **multiple** times in any and each of the rounds
- Pay out takes place after Nat’l Championship, but will I will send out weekly status – GOOD LUCK TO EVERYONE!
- Any ques./want updated feel free to contact me (Ric) 614-402-6148
